The name is **April** I think as indicated in the aforementioned. One other team member was **Kelly** I didn't see her this time and when I inquired about her I was told she is one of the managers. The both have this unassailable professionalism about them.

Virginia was super sweet and answered any questions we had regarding this survey. She was fast with giving us our food and taking our form of payment. Virginia has an amazing way of communicating with customers.

Patricia told me about the survey and now I can try a new chicken sandwich.
